- Old and modern at the same time, lively and bustling London is a real cosmopolitan city.
- Not only is it the capital of the UK, but it is also the leading centers of trade, education, culture and sports, which is why it is often referred to as the capital of the world. The sights of the city fit in nicely with its recognizable cityscape. Whether you are walking along the Thames or walking along the main streets, you will be captivated by the British capital. You will not be left indifferent for sure.

WE Edu program is organized during the summer holiday. Students are accommodated in the students' residence The Stay Club (Zone 2) which offers double and triple bedrooms with a bathroom. It is located in the modern part of London and it is extremely popular among students. It balances well between a quiet suburb and vibrant city centre.

This ten-day program includes 3 hours of workshops of English every day for 6 days of the program, as well as visits to well-known museums, galleries, and sights within the city. There is also a day trip to Brighton, together with optional activities.
