

New York

Washington, Niagara Falls

3750\$

PLUS - EDU

- New York is the world's most popular metropolis and the biggest city in the United States of America. It lies on the confluence of the Hudson River and its largest part encompasses Manhattan, Staten Island and Long Island. With its unique architecture, art and history, it could be said that entire New York is actually a subculture in itself, or a world unto itself. What characterizes it is definitely the atmosphere which cannot be put into words, but only experienced.

Plus EDU camp is organized at St. John University. Students are accommodated within the university campus in a dormitory. During their stay, the students have lessons for 3 hours every day and scheduled extracurricular activities. Besides numerous pre-organised tours of New York itself, the highlights of this program are two-day trips to Washington DC and Niagara Falls.

One of the biggest boroughs in the city that never sleeps, Queens is the most distinctive area in the world due to the diverse ethnic communities that live there. With an easy access to transport and Manhattan, this campus offers its students an opportunity to experience the life of a New Yorker.

JULY/AUGUST 2024.
